

AERO ELITE LIFE RAFT

REVERE
SURVIVAL INC.

Revere Survival Inc.
5323 Highway Avenue
Jacksonville
FL 32254

If your flight plan includes time over water, Revere's Aero Elite life raft should be on your pre-flight checklist. The ultimate lightweight life raft for general aviation, the Aero Elite 4 weighs only 45 lbs!

The Aero Elite is the most compact, lightweight general aviation life raft in its class making it easy to stow and deploy. It features one large oversized 13" tube; vertical bulkheads inside divide the tube into two independent air-holding compartments, so if one compartment is punctured, the other keeps you afloat. Offering a spacious 4ft² per person, the Aero Elite includes a heavy-duty boarding ladder, an inflatable floor, automatically inflated canopy, stowage pockets, zippered windows, flashing strobe, four extra-large, 200 lb ballast pockets, an extensive survival equipment pack including USCG/SOLAS flares and much more. The Aero Elite is vacuum-packed to add greater protection against the environment and minimize servicing costs as service is required just once every three years.
