# OFFSHORE VOYAGER

# LIFE RAFT

Revere introduces the new Offshore Voyager life raft.

Our new line of offshore rafts delivers unmatched reliability, combining ISO-9650:2022 certification with precision manufacturing in the EU. Each raft is constructed using advanced high-frequency welding technology, ensuring superior seam strength and durability compared to traditional glued designs.

Engineered for the harshest marine conditions, they offer enhanced safety, longevity, and performance when it matters most. This next-generation construction sets a new benchmark for offshore survival equipment.
